### **Peter Granick Joins Analogic as Vice President, Operations**

**PEABODY, Mass. – July 13, 2018** – Analogic Corporation, a leading provider of advanced imaging technologies to the medical imaging and security industries, today announced and welcomed the addition of Mr. Peter Granick as vice president, Operations. Mr. Granick will assume overall leadership of Analogic’s global operations.

Fred Parks, president and CEO, commented, “We are delighted to add Peter to our team. His experience leading a world-class global operations team will be a tremendous boost as we continue to look for ways to improve our supply chain and better serve our customers.”

Prior to Analogic, Mr. Granick served as vice president, Global Supply Chain, Life Sciences Solutions Group at Thermo Fisher Scientific, and brings more than 35 years’ experience in global procurement, operations, supply chain strategies, and process reengineering.

Mr. Granick added, “I am excited to join Analogic and continue to build on the organization’s dedication to operational excellence and commitment to first-class customer service through its unique global footprint.”

#### **About Analogic**

Analogic provides leading-edge healthcare and security technology solutions to advance the practice of medicine and save lives. We are recognized around the world for advanced imaging and real-time guidance technologies used for disease diagnosis and treatment as well as for automated threat detection. Our market-leading ultrasound systems, led by our flagship BK Ultrasound brand, used in procedure-driven markets such as urology, surgery, and point-of-care, are sold to clinical practitioners around the world. Our advanced imaging technologies are also used in computed tomography (CT), magnetic resonance imaging (MRI), and digital mammography systems, as well as automated threat detection systems for aviation security. Analogic is headquartered just north of Boston, Massachusetts. For more information, visit [www.analogic.com](http://www.analogic.com).
